# Ankita Technologies (india) Private Ltd.

<http://www.ankitatechnologies.com/>

We are amongst the leading manufacturers and suppliers of this commendable range of Dryers, Filters and Conveyor Systems. Further, the finest range of engineering services is made available by us, at the most reasonable rate possible.

## Profile

The finest manufacturers and suppliers of this commendable and wide range of Dryers, Filters and Conveyor Systems, **Ankita Technologies (India) Private Ltd.**, were established in the year **2008**. The offered range is inclusive of the finest Dryers, Industrial Filters and Process Equipments, which have a high demand in the market. Manufacturing of this range complied as per the norms and guidelines of the industry, and using quality raw materials and advanced technology. This ensures the product's strength, speed, capacity and service life. In addition to this, the finest engineering services are offered at the most reasonable rate possible.

The highly futuristic state-of-the-art infrastructural facility at Ankita Technologies (India) Private Ltd., has been equipped with various modern machinery, in order to attain a number of the firm's pre defined targets. For smoother and effective management of the firm's operations, the facility has been parted into a number of units. The facility regularly upgraded, helps us in the attainment of a better position in the market and in maximizing our production capacity. In addition to this, our client centric behavior and abidance of industry ethics have attracted various reputed clients towards us.

Under the leadership and guidance of our Managing Directors **Mr. Balaji Jaybhaye** and **Mr. Arun Kumar**, we have managed to reach several heights of success, in the past years. His understanding of the market, analytical skills and ability to manage, have been nothing less than a boon to the firm.
